

Spot Blender

1K Spot Blender

1K Spot Blender is a special product for homogenous paint transitions in the blending area of 2K clearcoats as well as single stage topcoats with outstanding blending results. The spot blender is used immediately after the clear-/topcoat is applied.

Advantages

- › Seamless edge transitions in the blending area
- › Superior blending ability
- › No colour deviation
- › Ideal for spot repairs

Article Number

368 0093 (305 g / 10.8 oz.)

Application Notes

**Apply 1K / 2K
Clear Coat**

**Apply Spot Blender
into transition zone**

**Dry with IR
for 20 mins.**

**After curing
Polish if necessary**
