SPRAYMAX PRO PAINT REPAIR

The Pocket Guide contains an extract of the most important SprayMax quality products. You will find the entire product range, detailed product information, applications and useful tips and hints in the main catalog and on www.spraymax.com.

Surface Preparation	4-5
Primer / Primer Filler	5-7
Guide Coat	6
Base Coats / Fill In	8-13
Top Coats	14-15
Clear Coats	16-17
UV	18-19

1K Solvent Wash

Rich in active ingredients for the efficient removal of silicone, grease, oil, wax, dirt, tar, and soot.

Part-No.: Color

3680090 transparent

1K Gun Cleaner

Rich in active cleaning solvents for the thorough cleaning of the variator nozzle or conventional spray guns.

Part-No.: Color

3680095 transparent

1K Wax & Grease Remover

Rich in active ingredients, mild cleaning agent for the efficient removal of silicone, grease, oil, wax, dirt, tar, and soot.

Part-No.: Color

3680094 transparent

1K 3 in 1 Primer Shade

3 in 1 Primer / Filler designed for easy and convenient priming / filling of different surfaces.

Part-No.: Color

3680403 white

3680404 gray

3680405 black

1K Plastic Adhesion Promoter

Ideal adhesion promoter for subsequent coatings on most plastics (see Technical Data Sheet).

Part-No.: Color

3680009 transparent

1K Self Etch Primer Filler

Can be used as a wash primer with good adhesion properties or as a filler primer with good filling volume depending on the thickness of application.

Part-No.: Color

3680003 light gray

1K E-Coat Primer

SprayMax E-Coat primers are a true direct to metal coating matching the color and gloss of factory primers and e-coat colors.

Part-No.: Color

3680230 white

3680231 light green

3680232 olive green

3680233 gray

3680234 black

3680235 tan

3680236 field drab

3680237 olive brown

2K Wash Primer

2K primer for fast insulation of sanded-through areas as part of car repair paintwork.

Part-No.: Color

3684029 olive gray

1K Self Etch Weld-Thru Primer

Corrosion protection primer with very good adhesion properties. Suitable for bare, sanded and unsanded surfaces. Cannot be retouched with polyester materials.

Part-No.: Color

3680001 red brown

2K Rapid Primer Filler

Universal, quick-drying 2K primer for high quality automotive paint jobs. Ideal for partial paint jobs and spot repair.

Part-No.: Color

3680031 gray

1K Guide Coat Black

This improves the efficiency of the sanding process and the paint result.

Part-No.: Color

3680100 black

2K Epoxy Primer

Universal 2K epoxy primer filler for all problematic surfaces; for example, metal, non-ferrous metal, galvanized sheet steel, or anodized aluminum.

Part-No.: Color

3680032 beige

3680033 gray

3680034 black

FillClean Machines

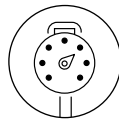

For no -mess filling of paint into the FillClean aerosols.

Scope of delivery

FillClean machine
FillClean filling cylinder
Air tube
Connector
Instruction for use

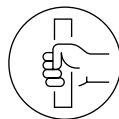

Further instructions on our website spraymax.com or on our Youtube channel

FillClean pneumatic

- Single-can filling
- Quick product- or paint/can change possible
- Cleaning-free
- Part-No.: 990 263

FillClean manual

- Single-can filling
- Mobile, manual unit for locations without compressed air and electricity
- Cleaning-free
- Part-No.: 990 249

1K FillClean for 1K water-borne basecoats

For the filling of the specific color tone of water-borne 1K base paints in the brands and qualities offered by the paint manufacturers (as follows).

Part-No.: Series

1K Trim Paint

For high-quality topcoat paint jobs and spot repairs on cars, motorcycles and other applications.

Part-No.: Color

3680101 black gloss

3680102 black satin

3680103 black matte

1K Wheel Paint Silver

High resistant and high-yield wheel spray for new and used wheels.

Part-No.: Color

3680040 silver

1K Texture Coating

Special product for imitation of automotive plastic textured surfaces, particularly for plastic bumpers, trim strips and various plastic parts.

Part-No.: Color

3680224 black

2K Hot Rod Black

For small damage repair jobs on existing semi gloss Hot Rod Black parts/surfaces or for an easy and fast paint job of a new or restored part.

Part-No.: Color

3680212 black satin

2K Topcoat Black / White

For small damage repairs on existing black or white gloss surfaces.

Part-No.: Color

3680222 black

3680223 white

1K Clear Acrylic

1K clear coat for quick coating and long-term sealing of repair paint jobs and new paint jobs on cars and motorcycles.

Part-No.: Color

3680058 transparent

2K Clear Matte / 2K Clear Satin

2K Clear Coat available in two gloss levels (Matte & Satin). Developed for the Small Damage Repair Process or complete painting of mounting parts.

Part-No.: Color

3680065 matte

3680067 satin

2K Clear Glamour

2K clear coat with very high chemical, gasoline, and weather resistance for high-quality and long-term sealing of repair paint jobs and new paint jobs on cars and motorcycles.

Part-No.: Color

3680061 transparent

2K 2in1 Headlight Clear

SprayMax® Special 2K Clear Coat is a protective coating for polycarbonate lenses suitable for fixing scratches, yellowness or foggy headlights.

Part-No.: Color

3684068 transparent

2K High Speed Clear

2K clear coat with very short drying time and very high chemical, gasoline and weathering resistance for high quality and long-term sealing of repair paint jobs and new paint jobs on cars and motorcycles.

Part-No.: Color

3680069 transparent

1K Spot Blender

1K Spot Blender is a special product for homogenous paint transitions in the blending area of 2K clearcoats as well as of single stage topcoats with outstanding blending results.

Part-No.: Color

3680093 transparent

UVA Filler

UVA-Filler Beige is a universal 1K UV curable filler putty used for automotive refinishing and is highly recommended for dents, cracks, scratches and rust holes.

Part-No.: Color

3680800	beige	
5680800	beige	(CDN)

UV Cleaner

UV Cleaner: Cleaning agent for thorough removal of the adhesive layer of the SprayMax UV Primer 3680019 after UV drying.

Part-No.: Color

3680290	UV Cleaner	
5680290	UV Cleaner	(CDN)

UVA Finishing Glaze

UVA Finishing Glaze Aqua is a universal 1K UV curable refinish putty used for automotive refinishing.

Part-No.: Color

3680801	aqua	
5680801	aqua	(CDN)

UV Clear

UV Clear for fast and long-term sealing of repairs and new paintwork.

Part-No.: Color

3680059	transparent	
5680059	transparent	(CDN)

UV Primer

Highly efficient and high yield UV Primer.

Part-No.: Color

3680019	UV Primer	
5680019	UV Primer	(CDN)

UV Blender

The UV Blender is a special product for homogenous paint edges in combination with SprayMax UV Clearcoat 3680059.

Part-No.: Color

3680091	transparent	
5680091	transparent	(CDN)
