

Top coats

1K DTP Structure paint

Special product for imitation of automotive plastic textured surfaces, particularly for plastic bumpers, trim strips and various plastic parts. Quick process as the structure paint can be applied directly on plastic surfaces, without plastic adhesion promoter.

Advantages

- Different kind of structures can be achieved
- Easy to use
- Dries very quickly
- Excellent adhesion
- Can be topcoated with all conventional 1K basecoat and 2K topcoat systems

Article number

680224 fine black (400 ml)
