

NEW SPRAYMAX 1K CAVITY WAX AMBER

PROTECT FROM WITHIN.

Cavity Wax comes with an applicator wand featuring a 360-Degree Nozzle

SprayMax 1K Cavity Wax Amber provides long-lasting corrosion protection for vehicle cavities and enclosed body sections. Its wax-based formula penetrates seams and hard-to-reach areas, displaces moisture and forms a transparent amber protective film. Ideal for protecting doors, rocker panels and structural cavities during vehicle repair and restoration.

ADVANTAGES

- Excellent corrosion resistance
- Protects against moisture, road salt and weathering
- Outstanding penetration into seams and hard-to-reach areas
- Displaces moisture and helps prevent water from creeping beneath the protective film
- Excellent adhesion
- Resists running during application
- Also suitable for protecting other metal objects

PROFESSIONAL PROTECTION.
WHERE IT MATTERS.

PRODUCT INFORMATION

Part-No.: 3680 253
